They are prepared by our executive chefs and served at the time of your choice in one of our special wedding venues which includes complimentary decoration in our white wedding theme. A banqueting table is set up to an agreed seating plan and the function receives the dedicated attention of a head waiter to serve you and your guests. For these reasons the menu prices per head are applicable at the full price.

2. I would like to dine from the all-inclusive on my wedding day, is this possible?

If you decide not to choose one of our banqueting menus, then it is possible to dine from the all-inclusive buffet. We will be able to reserve a table for you, maximum 20 pax, in the main self-service restaurant during normal opening hours. Runners, artificial floral arrangements, table set up and a dedicated waiter will be provided at the cost of €25.00 pp.

Please note that other hotel guests will also be dining in this area at these times and this is not a private function.

3. I would like a plate service menu in an area that is only suitable for buffets, is this possible?

The level of service that we provide is incredibly important to us and for this reason we are only able to offer plate service menus in certain areas, as specified in the weddings and banqueting brochure.

4. Is it advisable to book my reception in advance?

We work on a first come first serve basis and we accept deposits as security against advance bookings. It is advisable to book your chosen reception venues as soon as possible to avoid any disappointment.

5. Can I bring my own music for the wedding ceremony?

It is possible to bring your own music for the ceremony; we provide speakers in all our ceremony venues. We need three main songs, one as the bride walks down the aisle, a second song while the married couple sign their marriage certificates and one as the married couple walk back down the aisle. **It is ideal if these songs are on one USB** has been tested in several

different machines to make sure it works. We cannot accept any responsibility for a USB that jump or do not play.

6. If I don't bring my own music is any provided?

We have a lovely selection of wedding music to be played during the ceremony.

7. Do you provide a room where the groom can get ready on the morning of the wedding?

We are afraid it is not possible for us to provide a separate room where the groom can get ready. We normally find that grooms get ready with family members or friends. However, if we have a room available this can be offered at the relevant costs.

8. I have some guests attending my wedding who are not staying in the hotel?

All guests are welcome at the wedding however all nonresidents are required to purchase a day pass regardless of the length of time they will spend in the hotel. The hotel must be notified in advance and the relevant charges will be included as part of the total function bill, this is a very strict policy of the hotel.

We offer a professional steaming service for wedding dresses and the cost for this is approx. €95. Ideally, we need 3 days to arrange this however an express service can also be offered. Wedding Attire cleaning services (hand wash only) €75.
