WHY CYPRUS

Cyprus is known to many as the Island of Love, across time the island has developed more and more passion.

The Mediterranean island at the crossroads of three continents, where there's always a new world to discover. Where East meets West and a new experience awaits for you under the sun everyday.

Where championship Golf courses, inviting beaches and breathtaking mountain trails lie around luxurious hotels. Once you've been to Cyprus, it's easy to see why you'll come back again.

A wide-angle photograph of a beautiful beach. The foreground is filled with soft, golden sand, showing some footprints. The water is crystal clear, transitioning from a shallow turquoise near the shore to a deeper blue further out. In the distance, a small, rocky island with some buildings is visible on the horizon under a clear, bright blue sky. A few people can be seen swimming in the water.
