THE MOST WONDERFUL DAY OF YOUR LIFE

Greece is the ideal place for a dream wedding!

Kos Island with its natural beauty, the warm hospitality of its people and our hotels' professional services, is your best choice. With us, you have a mosaic of possibilities to organize the most unforgettable wedding celebration.

GETTING OFFICIALLY MARRIED ON KOS ISLAND

In order to get officially married in Kos you have to apply for a civil wedding at the Town Hall, which issues your Wedding Certificate.

From your side, you have to prepare and issue the legal documents/paperwork, as requested by the local authorities. Please be extra careful with the time limits required for issuing the documents.

As soon as you issue all the documents, you must send them to us as they must be translated by an official translator's office.

When the papers are translated, we confirm with the Town Hall that everything is in order.

When the documents are accepted, we book for you the appointment with the registrar office and at the confirmed day and time we meet at the Town Hall where you just sign the required documents. Two witnesses are required to sign along with you.

On the same day or one/two days later you may have your Symbolic Wedding Ceremony at your favorite venue in our hotels. This is the romantic part of the wedding, where our Master of Ceremony reads the blessing and you may exchange your own vows if you wish. The Ceremony at the Hotel's premises is not an official wedding and the Hotel does not provide any legal documents or certificates.

Three working days after the signage of the paperwork your Wedding Certificate will be ready. You have to go to the Town Hall and pick it up as they give it only to the wedding couple.

Please note that your Wedding Certificate will be issued in Greek language. As soon as you return to your country we suggest translating it at an official translator's office and validate your wedding, following your country's legal procedure.

In case you wish to get married in your country and avoid the local Town Hall's procedure, then you can arrange only the symbolic ceremony & blessing with us.

If you have guests staying in other Kipriotis Hotels with All Inclusive Reservations, then they can join you for the wedding dinner at your hotel with no extra charge. This applies only for the wedding dinner, on the specific day and time, at the restaurant you have chosen.

If you have guests without All Inclusive reservations or if they are staying out of Kipriotis Hotels, then you may purchase an All Inclusive Day Pass for them, at the price of 50,00 € per person.

With the All Inclusive Day Pass your guests may visit the hotel on your wedding day, enjoy our All Inclusive facilities for the whole day and be part of this unique occasion for as many hours as you like.

You and your guests will enjoy the standard buffet of the day and you will have your beverages from the beverages stations, according to the All Inclusive programme.

Please note that at the All Inclusive restaurant, other guests of the hotel will be enjoying their dinner at the same time and you cannot have your own entertainment (DJ, live music etc.).

Upgrade your All Inclusive Wedding Dinner

In order to arrange something special for this unique event, we suggest a special service for the All Inclusive Wedding Dinners, with a supplement of 13,00 € per person.

At the All Inclusive Restaurant you prefer, we reserve tables one next to the other and we arrange a special wedding decoration with white linen table cloths, napkins and chair covers. In the middle of the table we put a transparent glass vase with a candle inside.

If you do not wish to choose this special service, you may go to the restaurant as any other day but tables will not be reserved and there will be no wedding decoration.
