MERIDIAN ADVENTURE  DIVE

WHY DIVE RAJA AMPAT?

For all divers it is the number one bucket list dive resort holiday. Raja Ampat, Indonesia is located in the heart of the coral triangle. Known as the epicentre of marine biodiversity and host to over 80% of all the world's coral species. No Seasons - Good diving all year around. The variety of dive sites ensure there is something for everyone, from macro photographers to Manta Ray lovers, and from beginners to experienced divers.

Located between the Pacific and Indian Oceans, the Indonesian Seas are the place of immense water exchange. The water exchange is known as the Indonesian Throughflow and flows from the Pacific through to the lower Indian Ocean. This flow delivers eggs and larvae to the reefs of Indonesia and travels over the complex under water topography creating great upwellings of nutrient rich cold water. A veritable life source, and after a holiday in these waters you will go home with a renewed sense of life yourself.

No two dives in Raja Ampat are ever
the same.

SNORKELING SITES

SEASONS

Due to our location and the protection of the island archipelago, it is perfect to Dive with us all year round. The only seasonal consideration is when Manta Rays cruise the northern Raja Ampat region, which is from approximately October through to April, with the most guaranteed sightings being months between November to February.

DIVE PROFILES

The Raja Ampat dives site's topography is mostly a sloping reef from an island into the blue waters covered in corals and sea fans. It is typically starting very shallow, from 3m until 30m. The other reefs are a 'Sea Mountain,' a flat coral reef area that slopes down on all sides to about 28m. Other sites include reef walls, ridges, and even a planewreck.

DIVE SITES

Besides all the spectacular colorful reef fishes, on most dives, you could see Snappers, Fusiliers, Groupers, Trevallies, Turtles, Black and White Tip Reef sharks, Wobbegong sharks, Pipe Fishes, and Sweetlips. You can see Nudibranchs, Pygmy Seahorses, Manta Rays, Octopus, Barracuda, and Bumphead Parrotfish on more specific dive sites. The diversity of the reef includes a mixture of hard and soft corals.

From Sorong > Waisai

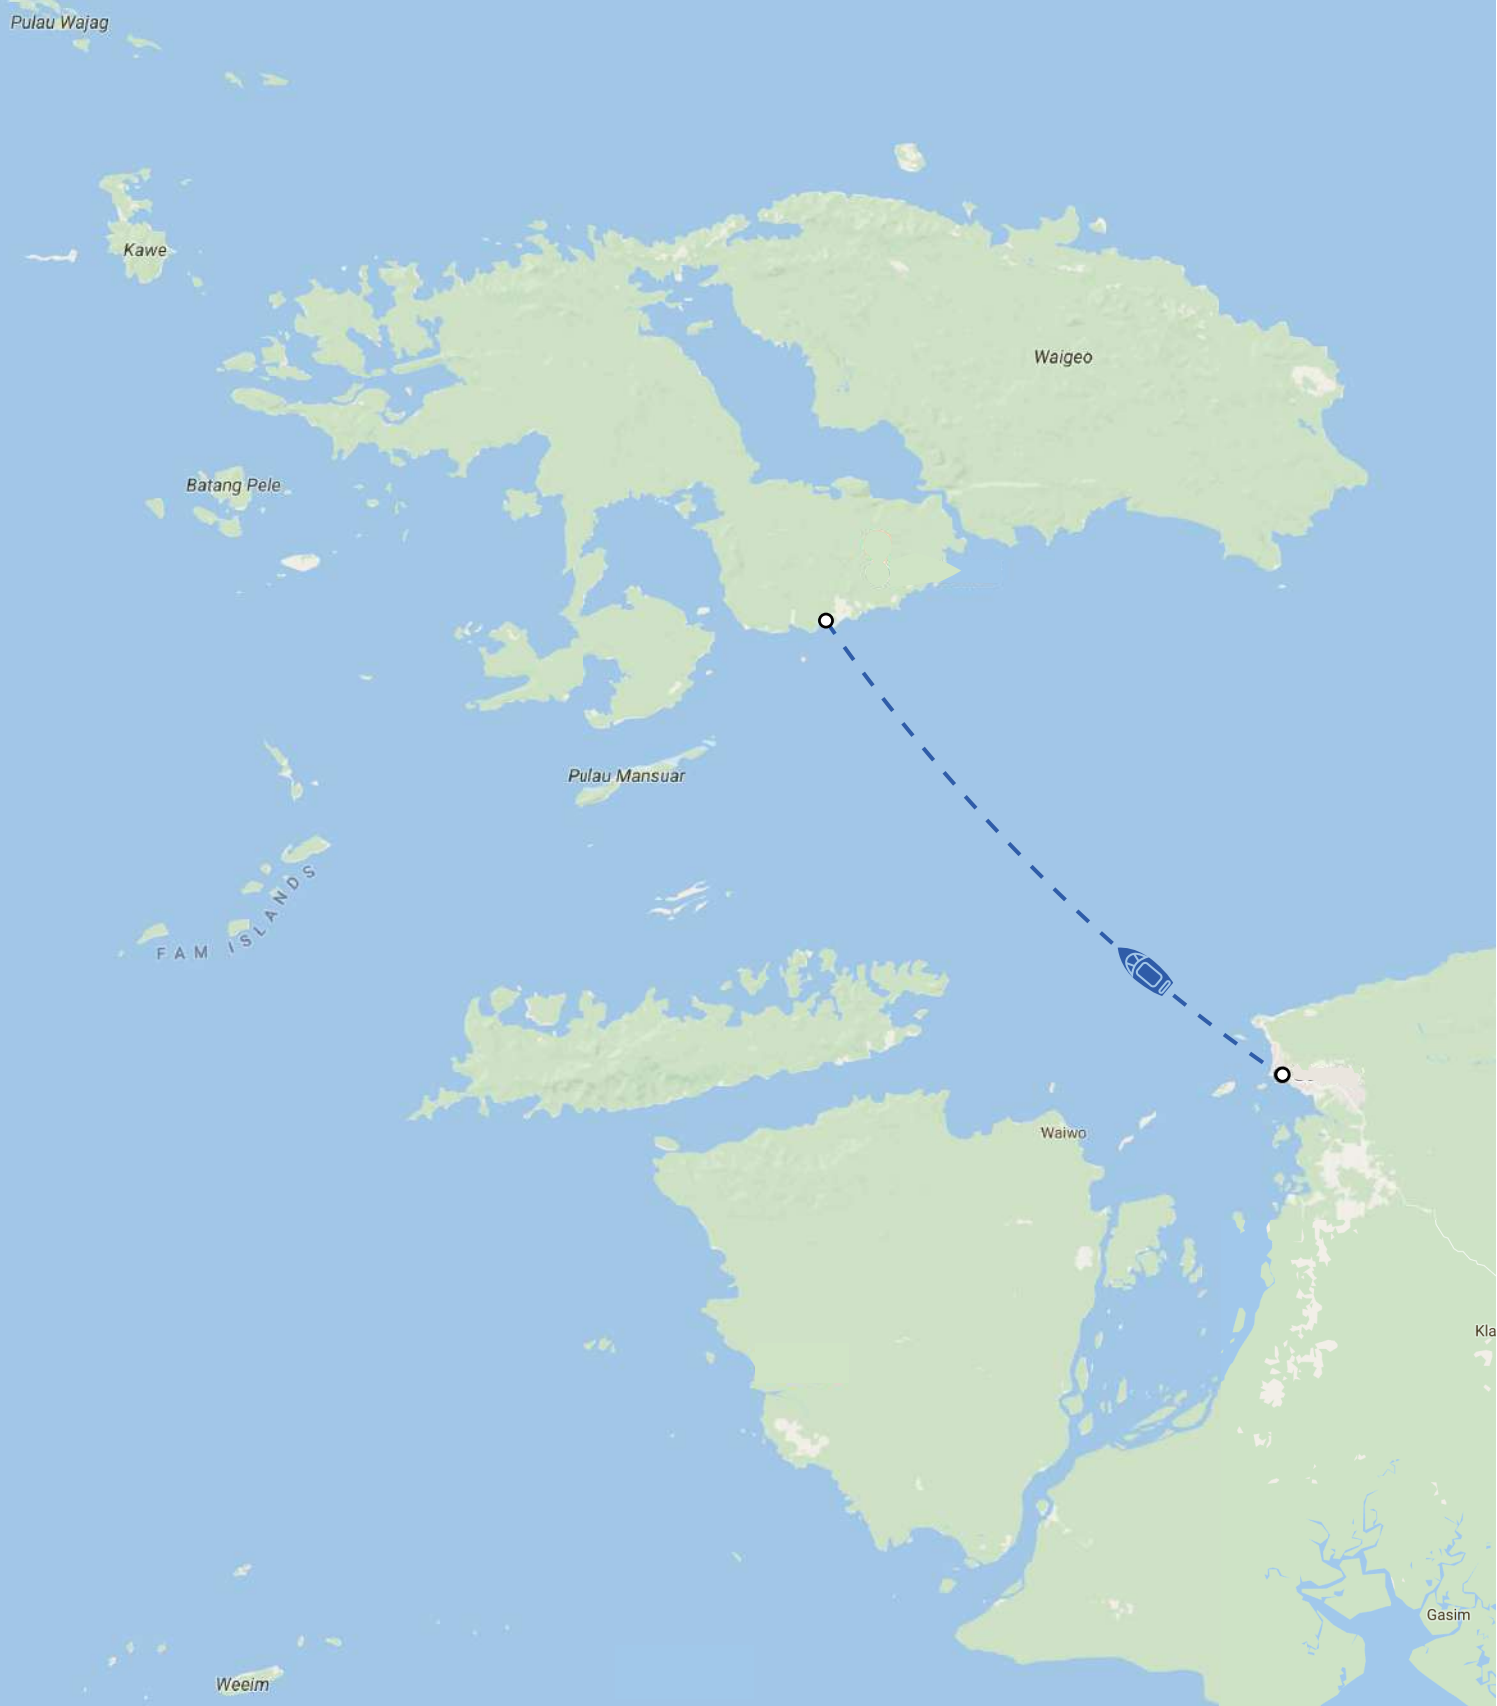

Once you land in Sorong at Domine Eduard Osok Airport (SOQ), there are two options to reach us.

1. Public Ferry

The ferry departs Sorong daily at 09:00am and 14:00pm. The travel time is approx 2hours.

2. Private Speed Boat

The pick-up and drop-off times are flexible. The travel time is approx 1hr 30mins.

GENERAL

Meals:

The resort has an a la carte restaurant on site. Due to our location and ethos, a la carte allows for less wastage, and can offer flexibility with fresh local food.

We also encourage guests to dine out in the evenings, to help spread income brought through tourism.

There are many good local restaurants in town, only a short tax/scooter ride away, or about a 15 to 20 min walk. Reception can help organise this for you when you are there.

Local dishes include coconut roast chicken, fish BBQ, calamari, prawns; and you will often find that some restaurants specialise in only 2 to 3 dishes.

Full board options are available to guests in groups of 8 or more.

Transfers:

We are accessible any day of the week. There is a ferry that operates twice a day, at 9 am and 2 pm, between Sorong and Waisai respectively. The ferry terminal is easy to get to and the ticket office is a short walk from the ferry.

Self Arranged Transfers

It is very easy to arrange your own transfers on arrival. There are many available taxi's as you leave the airport, in which you can pay direct and purchase ferry tickets at the Ferry Terminal. The total costs are approximately USD \$45 per person, which must be paid IDR CASH, the total amount being approximately IDR 650,000.

Pre-Arranged Transfers

The resort can arrange transfers for you and add to the room bill. Please note an admin fee and government taxes must also be applied, therefore it is slightly more expensive.

Alternatively, we can assist in arranging trusted 3rd party taxi drivers for you which you can pay them direct in cash, instead of adding to your room bill.

Let us know which you prefer, and our reception team will organise for you when you book.

Payment Policy

Deposit: A 25% deposit must be paid within 14 days to confirm the reservation/s.

Balance: Full payment is required no later than 45 days prior to arrival - failure to do so will result in automatic cancellation.

Dive Center Group Bookings: Dive Centers committing to a trip 12 – 18 months in advance, requiring time to promote and collect bookings, we work with the following payment guidelines:

- USD \$200.00 deposit per person to secure the booking
- 50% Payment 6 months prior to arrival
- Full and final payment 90 days prior to the arrival

The reservations team will hold the space on the PMS from initiation of the group request, however the booking will not be guaranteed until the deposit has been received. Paid bookings will always take priority.

Cancellation Policy:

In the event of cancellation or modification to the booking, a written request must be sent by email to reservations@meridianadventuresdive.com to cancel the booking or arrange a date change. The following charges may apply:

- Between 90 & 45 days prior to arrival, the 25% deposit will be non-refundable.
- Less than 45 days prior to arrival will result in 100% cancellation, and the payment will be non-refundable.

Payment Options:

Booking reference number/s must be quoted for all payments so that the reservations department can allocate the payment to the correct booking/s. A proof of payment (POP) must be sent to reservations email when payment is made. These are the three forms of payment for invoices, listed in order of priority:

1. Wire Transfer - IDR Account
2. Wire Transfer - USD Account
3. PayPal link

1. IDR Account

These account details are automatically displayed at the bottom of the Reservation Offer (Quote). If the client/guest is paying via wire transfer, please advise them the transfer must be made in IDR currency. Most larger banks will offer IDR currency as an option, however if the client/guest cannot transfer the funds into the IDR account, then they must transfer into the USD account.

2. USD Account

These account details are also displayed at the bottom of the Reservation Offer (Quote); however this will incur a bank charge of USD \$30.00 which the customer must add to the payment. If the client/guest is paying via wire transfer to this account please advise that the total amount they must transfer is the value of USD stated on the offer, plus the additional USD \$30.00 bank charge.

NOTE: The USD account is the preferred payment option if the money is being transferred in USD from another currency, as transferring from one currency to USD then to IDR in the IDR account can incur larger exchange rates.

3. PayPal

The PayPal link will be provided if the client/guest is unable to pay via wire transfer. Please note that payment via the PayPal Link will also incur a bank charge of USD\$30.00 which will need to be added to the payment. Payment should only be made in USD\$ currency.

With this link they can allocate the amount that they wish to deposit. The booking reference number from the Reservation Offer must be added in the notes section, so we can identify the payment accurately.
