

Pre-Hispanic Wedding Package

Offers the possibility to have a spiritual ceremony, without the legal certification.

To celebrate the Pre-hispanic Mayan Ceremony it is necessary the presence of a Chaman (Mayan Minister) that unifies the couple. The Chaman is chosen in a “Choice of God” meeting with representatives who have knowledge and experience in religious acts. The ritual consists of various steps: The first step is declaring “Mutual Acceptance”. It refers to the freedom the couple has to choose to sanctify this union. Moreover it indicates a wish to compromise with love, dignity, respect, consideration and tolerance; without egoism that can limit the capacity to love, grow and benefit. Also include the step of “Purification”. A cup symbolizes the ambiance and mystery of those Mayan times, the stage of “Offering” is where the couple elevates their wishes to the Gods in promise. The final step is union and benediction of the couple.

The ceremony is transcendental, where the family and friends participate and share with the couple their unforgettable experience. The advice of the Chaman reflects the incredible energy and creates a magical confirmation of their union in front of the universe. It is unified with the fertility dance. The price of this package is US\$1,518.00 for up to 10 people including the couple.
