Monika

"We take care of all the legal documents. We coordinate the teams so that everyone is in the right place at the right time. We make sure that down to the last detail that everything is perfect such as, that the cake harmonizes with the decorations, discussing the settings with the photographer and videographer and coordinating the menus with the hotel. Of course, we are happy to answer any questions the bride and groom might have in advance about their special day. On the day of the wedding itself we are there for our couples around the clock",
