Wedding Packages*

Here at the Golden Coast Hotel, we know that your wedding is unique. We listen to and work alongside our couples, hear their ideas and what they envisage their special day to be like: and we help to turn this into reality. We pride ourselves on our flexibility and our ability to treat each wedding as if it was our first. We hold just one wedding per day, so that we can provide you with the best possible level of service and attention to detail.

With years of experience, our team have the skills necessary to not only ensure your day runs smoothly but also to provide an approachable and easy-going service from the moment you enquire with us. We are on hand to take the stress away from wedding planning and to make it an enjoyable process that will leave you counting down the days with excitement.

We offer tailor-made packages to suit all budgets and sizes; from a romantic couple elopement to large celebrations for up to 250 guests. With a choice of three ceremony venues and two reception venues, as well as collaborating with top-quality suppliers, you can rest assured you are in good hands.
