# *The most wonderful day* **OF YOUR LIFE**

Greece is the ideal place for a dream wedding! Kos Island with its natural beauty, the warm hospitality of its people and our hotels' professional services, is your best choice. With us, you have a mosaic of possibilities to organize the most unforgettable wedding celebration.

# *Getting officially married* IN KOS ISLAND

In order to get officially married in Kos you have to apply for a civil wedding at the Town Hall, which issues your Wedding Certificate.

From your side, you have to prepare and issue the legal documents/paperwork, as requested by the local authorities. please be extra careful with the time limits required for issuing documents.

As soon as you issue all the documents, you must send them to us as they must be translated an official translator's office.

When the papers are translated, we confirm with the Town Hall that everything is in order.

When the documents are accepted, we book for you the appointment with the register office and at the confirmed day and time we meet at the Town Hall where you just sign the required documents. Two witnesses are required to sign along with you.

## *Getting officially married* IN KOS ISLAND

On the same day or one/two days later you may have your Symbolic Wedding Ceremony at your favorite venue in the hotels. This is the romantic part of the wedding, where our Master of Ceremony reads the blessing and you may exchange your own vows if you wish. The Ceremony at the Hotel's premises is not an official wedding and the Hotel does not provide any legal documents or certificates.

Three working days after the signage of the paperwork your Wedding Certificate will be ready. You have to go to the Town Hall and pick it up as they give it only to the wedding couple.

Please note that your Wedding Certificate will be issued in Greek language. As soon as you return to your country we suggest translating it at an official translator's office and validate your wedding following your country's legal procedure.

In case you wish to get married in your country and avoid the local Town Hall's procedure, the you can arrange only the Symbolic Ceremony & blessing with us.
